Academy

The

TEMA

OFFER

The TEMA Offer

At TEMA we believe that the curriculum is the sum total of everything that we hope students learn throughout their time with us. The curriculum goes beyond that which is learned within a classroom and should include the opportunity to access a wide range of activities including the arts, culture and sport. We aim to build students' cultural capital through systematic and planned exposure to enrichment activities. We use a definition of culture which celebrates and embraces the different backgrounds, heritage, language and traditions of all of our students.

Our Vision For All Students:

We will equip all students with the knowledge, skills, abilities, attributes and qualifications to pursue a fulfilling career, contribute positively to their communities and be active, global citizens.

Our Values:

RESPECT

We show respect for all other people and recognise our common humanity.

EQUALITY

We ensure all members of our community are treated equitably.

AMBITION

We expect the best from ourselves. We have ambition and will not let ourselves be limited.

CARE

We show empathy and kindness to others.

HARD WORK

We are prepared to work hard to achieve our dreams.

We recognise that access to and participation in extra-curricular activities is an important part of building students' soft skills and consequently an important building block in the foundations of social mobility. We have taken on board the recommendations of the Social Mobility Commission in having a designated co-ordinator of extra-curricular and enrichment activities.

We acknowledge the evidence presented in the report that our students may have less access to opportunities than their peers and aim to actively bridge that participation gap. Furthermore, we recognise that access to learning outside of the traditional curriculum can be particularly supportive for students who are disengaged from school or dealing with trauma. We use detailed and objective knowledge of our students' histories to plan and implement supportive interventions.

The TEMA Offer

The TEMA offer encompasses the additional curriculum that is offered to students throughout their time at the academy. In order to ensure an equity of offer and full participation for all students, some enrichment elements are compulsory for all students, these are the TEMA Offer.

Strand 1: KS3 Electives

All students in KS3 complete three electives per academic year. Electives provide the opportunity for students to broaden their knowledge, skills and cultural capital. All students attend as part of additional periods built into their timetables to allow equality of opportunity.

Year 7	Year 8	Year 9
German	Musical Theatre	German
Musical Theatre	Netball (Girls)	Stop Motion Animation
Community languages	Community languages	Coding
Netball (Girls)	Coding	Photography and Editing
Basketball (Boys)	Cheerleading	Musical Theatre
Film Studies	Media Studies	Netball (Girls)
Book Club	Debate Mate	DoE Introduction
Healthy Schools	Politics	World Cultures
Fighting Food Waste	Garden Ceramics	Biodiversity Champions
		Debate Mate

Strand 2: The Universal TEMA Offer

Below are the planned TEMA offer visits and these experiences are universal and every student can attend. We also ensure all visits are free of charge for our families to ensure equity of opportunity. The TEMA offer systematically builds students' cultural capital and

allows them to contextualise the curriculum and better understand the diversity of our academy and wider community. The TEMA offer is a key strand in our development plan of 'Mitigating the Impact of Social Disadvantage' to ensure all students have equity in their access to cultural capital.

Youth and Community Offer

We aim to make TEMA the heart of our local community not a self-contained community in isolation.

We recognise that collaboration with our community partners is essential. We aim to be the conduit through which our students can access facilities, services and education outside of the school building and the school day. This includes free access to music tuition through our music hub which runs weekly.

TEMA students also access high quality sports and dance coaching through our Holiday Active provision which is free for students throughout the Easter and Summer holidays and includes access to a free meal. This has been accessed by around 100 students daily and over a third of students in total.
